RightNow Media Virtual Group FAQ's

3. Share the link to watch together.

The page will pop up with a link. Share the link with other RightNow Media users to watch virtually with you.

4. Start watching the session together.

Click on "Start Group" to enter the virtual group. Turn your microphone and camera on to use the built-in video chat feature, then click "Join Virtual Group." Once everyone is in the group, click "Start the Video" to begin playing the video for everyone.

Discuss the video with other viewers using the text chat or the built-in video chat function.

RightNow Media Virtual Group FAQ's

What limits exist for Virtual Groups?

Number of attendees

For a virtual group you can have up to 250 attendees, with up to 14 attendee's cameras displayed at a time depending on screen size. The attendee's in view will rotate based on their speaker activity.

Virtual Group Lifespan

A virtual group link can be created up to 7 days in advance of the meeting, after which time the group will be removed and the link will expire.

Once the group has been started, the group will automatically expire:

- If no audio connections are present for more than 5 minutes
- If no more than 2 connections exist for over 30 minutes
- If the total group time exceeds 24 hours

Examples:

- If a facilitator creates and starts a group, does not invite anyone, and closes the tab, the group will expire within 5 mins. If they return after this time they will not be able to restart the group.
- If a facilitator creates and starts a group, and does not invite anyone (or only invites 1 person) the group will expire within 30 mins.
